## SKILLS

- Vue.js, Nuxt.js, React.js
- TypeScript, JavaScript
- Node.js and backend collaboration
- Architecture and team mentoring

## TOOLS

- Docker
- CI/CD pipelines
- Git and code review workflows
- AI coding agents in delivery

## LANGUAGES

English (Professional Working)

Russian (Native/Bilingual)

## SUMMARY

Software developer with 8+ years in web product development, with full-stack understanding and primary expertise in frontend engineering. Strong in Vue.js/Nuxt.js and TypeScript, with practical React and Node.js experience. Confident in Docker-based delivery and CI/CD practices. Uses AI coding agents effectively to accelerate implementation, debugging, and production-quality release cycles.

## EXPERIENCE

### TransTeleCom

Jul 2022 - Present

#### Lead Frontend Engineer

- Led frontend direction for high-load products including control panels, analytics interfaces, and interactive web applications.
- Drove maintainable architecture decisions and mentored engineers to improve delivery quality and consistency.

### Redium Limited

Oct 2023 - Present

#### Developer, Lead Solution Team

- Built production Vue/Nuxt applications across SPA and SSR patterns for scalable web delivery.
- Contributed across frontend and backend-facing integration work, with occasional Flutter involvement.

### Independent Media

Sep 2020 - Jul 2022

#### Senior Frontend Engineer

- Developed digital products for multiple publishing brands and implemented internal CMS capabilities.
- Delivered features with TypeScript, Vue, Nuxt, and Node.js focused on usability and editorial workflows.

### FITMOST

Feb 2019 - Aug 2020

#### Frontend Engineer

- Implemented frontend and CMS modules for a high-load fitness aggregator platform with Vue and JavaScript.

Earlier experience: Russian Mortgage Bank (Frontend Engineer, 2018-2019), MOLGA Consulting (Frontend Engineer, 2017-2018).

## EDUCATION

### Plekhanov Russian University of Economics

Bachelor's degree, Business Informatics
